

## **Great American Adds Storage Tanks to Marina Package Policy**

Cincinnati, Ohio – November 9, 2007 - For the first time in marine insurance history, specialized protection for storage tanks is now available as part of a standard marina package policy. Offered by Great American Insurance Group, the new coverage enables marina owners to cover all of their business risks with products from a single insurance carrier. Great American's broad marina package policy also includes property, commercial general liability, marine operating legal liability and other marine-specific coverages.

The new package policy also satisfies regulations in force in more than 30 states that require the certification of financial responsibility in the event of a leaking storage tank. The policy covers environmental claims due to seepage from an above or below ground storage tank on marina property, including clean-up costs, bodily injury and property damage up to \$1 million per occurrence. Great American is also one of the leading insurers of marine pollution from vessels with its Vessel Pollution Program.

Great American Insurance Group's roots go back to 1872 with the founding of its flagship company, Great American Insurance Company. Based in Cincinnati, Ohio, the operations of Great American Insurance Group are engaged primarily in property and casualty insurance, focusing on specialized commercial products for business and in the sale of traditional fixed, indexed and variable annuities and a variety of supplemental insurance products. The members of Great American Insurance Group are subsidiaries of American Financial Group, also based in Cincinnati, Ohio. AFG's common stock is listed and traded on the New York Stock Exchange ("NYSE") and NASDAQ under the symbol "AFG." (NYSE:AFG)(NASDAQ:AFG)
